WARSAW HOUSING CONDITIONS IMPROVE -- Trybuna Ludu -- No 178, 1 Jul 49

In its first 6 months of operations, the Local Committee for the Housing Fund proved its worth to housing in Warsaw.

This year, the general plan for major repairs in Warsaw embraces 187 residential buildings (more than 13,500 rooms), housing over 30,000 persons.

The initial allotment of 600 million zlotys will probably be increased by 100 million.

The greatest difficulty has been the lack of time and trained workmen. However, the present status of the work and the attention which the city administration is giving the project indicates that the major repairs on the 187 buildings will be completed this year.
